The screenshot shows a Windows-style window titled "Setup" with a red arch logo in the top-left corner. The window has standard minimize, maximize, and close buttons in the top-right corner. The main content area is titled "Configure SMTP Settings" and contains the following text: "This is required so your application can send notifications via email." Below this text is a checkbox labeled "Do you want to configure mail support?". Underneath the checkbox is a text box labeled "Default email provider:" with a dropdown menu currently showing "GMail". At the bottom of the window, there is a footer area with the text "InstallBuilder" on the left and three buttons: "< Back", "Next >", and "Cancel". A red arch logo is also visible in the top-right corner of the main content area.

Setup

Configure SMTP Settings

This is required so your application can send notifications via email.

☐ Do you want to configure mail support?

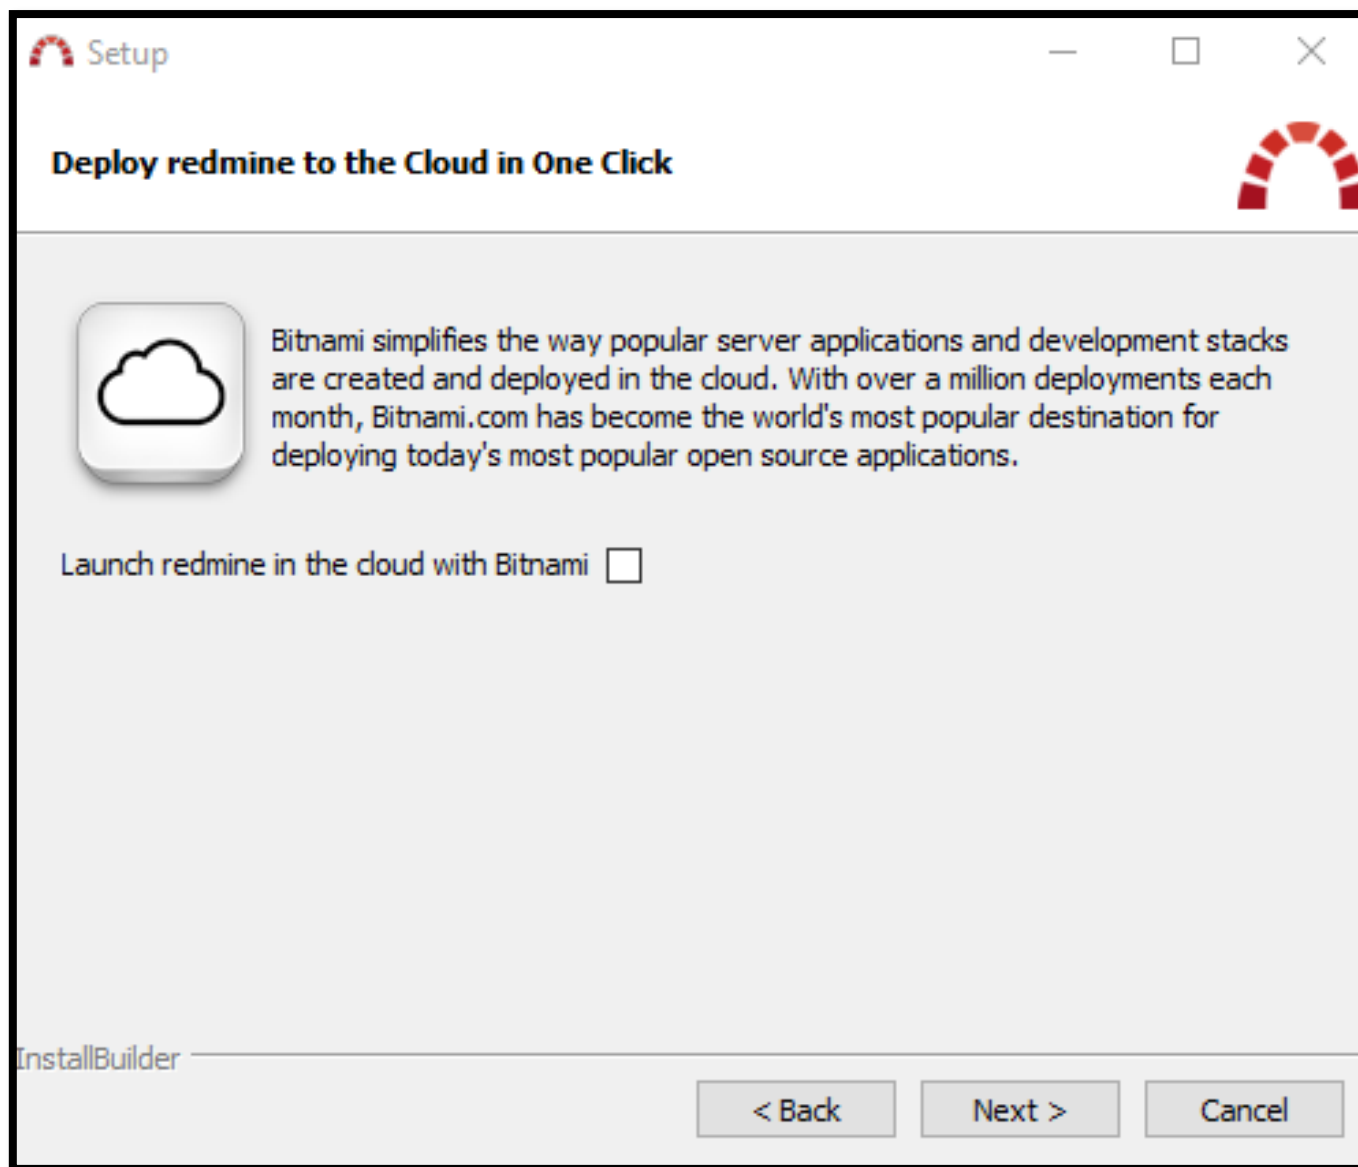

Default email provider: GMail

InstallBuilder

The screenshot shows the Redmine web application interface. At the top, there is a navigation bar with links for 'Home', 'Projects', and 'Help'. On the right side of this bar are links for 'Sign in' and 'Register'. Below the navigation bar is a search bar with the text 'Search:' and a dropdown menu labeled 'Jump to a project...'. The main content area features a central login box with a yellow border. Inside this box, the word 'Login' is displayed above a text input field containing the username '2015123123'. Below the username field is a password field with the label 'Password' and a 'Lost password' link. The password field is filled with dots. At the bottom of the login box is a 'Login' button. The footer of the page contains the text 'Powered by Bitnami Redmine Stack © 2006-2018 Jean-Philippe Lang'.
