# Basic account setup

The screenshot displays the top portion of the Redmine web application. At the top left, there is a navigation menu with links for [Home](#), [My page](#), [Projects](#), and [Help](#). On the right side of this menu, it indicates the user is logged in as **2025987654** and provides links for [My account](#) and [Sign out](#). Below the navigation menu is a blue header bar containing the word **Redmine** on the left. To the right of the header bar, there is a search input field labeled "Search:" and a dropdown menu labeled "Jump to a project..." with a downward arrow. The main content area below the header is currently empty, showing only the word "Home" in the top left corner.

# Basic account setup

The screenshot shows a Redmine user interface. At the top, there is a navigation bar with links for Home, My page, Projects, and Help. On the right side of the navigation bar, it indicates the user is logged in as '2025987654' and provides links for 'My account' and 'Sign out'. Below the navigation bar is a blue header area with the 'Redmine' logo on the left, a search input field, and a 'Jump to a project...' dropdown menu. The main content area is titled 'My page' and includes an 'Add:' dropdown menu. There are two side-by-side panels: 'Issues assigned to me (0)' and 'Reported issues (0)'. Both panels contain a yellow message box stating 'No data to display'.

### Overview

[+ New subproject](#) [Close](#)

Management information systems (MIS) is the study of how people use technology to manage information. It includes both the hardware and software used to store, process, and retrieve information. Computer science is the study of how computers work. It includes the design and implementation of computer systems.
